Subject index

A

- Abdominoperineal urethral suspension, modified technique of (Zacharin and Gleadell), 948
- Abnormal cytologic smear (Ashe, Arey, and Williams), 320
- Abortion, 63-65, 780-788, 865-891
 missed (Spraitz, Welch, and Wilson), 877
 rate, double-blind study of effect of 17-hydroxyprogesterone caproate on (Shearman and Garrett), 1099 (Abst.)
 septic, demonstration of endotoxin in circulating blood of patients with (Douglas, Beller, and Debrovner), 780
- Abortions, human, determination of primary sex ratio (Serr and Ismajovich), 63
 induced, interdisciplinary study of 4 wives who had (Mumford), 865
- Abstracts, 283-287, 548-556, 698-699, 1097-1102
- Acid-base regulation study to determine effect of respiratory acidosis on rabbit fetus in utero (Bruns et al.), 1074
- Acidosis, respiratory, effect of, on rabbit fetus in utero (Bruns et al.), 1074
- Activator, profibrinolysin, in rat placenta (Phillips and McKay), 56
- Activity, cellular metabolic—a new basis for screening of vaginal cytology (Peckham and Ladinsky), 418
- Adenocarcinoma of cervix uteri in 37-year-old virgin with coexisting cancer of body of uterus (Bielecki, Borowicz, and Misiewicz), 135 (Comm. in brief)
 endometrial, metastatic (Miller and Arneson), 971 (Current opinion)
 with psammomatous bodies (Karpas and Bridge), 935
- Admissions and readmissions from district to special baby-care unit of maternity hospital (Craig), 552 (Abst.)
- Adrenal function during long-term Enovid administration (Wallach et al.), 991
- Age, maternal, placental calcification and (Fujikura), 41
- Agenesis, gonadal, pathology and cytogenetics of (Jones, Smith, and Heller), 578
- Aldosterone, metabolic clearance rate of, in pregnant and nonpregnant subjects estimated by both single-injection and constant-infusion methods (Tait et al.), 700 (Abst.)
- Alkaline phosphatase in normal and toxemic pregnancy (Lee and Lewis), 1071
- American Association of Obstetricians and Gynecologists
 Fifth Annual James W. Kennedy Memorial Travel Fellowship, 978 (Item)
 Twenty-Sixth Annual Foundation Prize, 560 (Item)
 Board of Obstetrics and Gynecology, 148, 288 (Item)
- Amitriptyline, management of menopausal patient with (Mulla), 137 (Comm. in brief)
- Amniotic fluid embolism, fibrinolytic system in (Beller et al.), 48
- Androgen-estrogen preparations, two, and placebo for suppression of lactation, double-blind evaluation of (Bare, Zaleznik, and Levin), 276
- Anesthesia, caudal, long-acting single injection (Harer, Gunther, and Stubblefield), 236
 local, for cesarean section (Busby), 399
 obstetrical, 231-241

Anesthesia, obstetrical—Cont'd

- uterosacral or paracervical block for (McGowan), 286 (Abst.)
 paracervical block, hazards of use of, in obstetrics (Nyirjesy et al.), 231
- Angiotensin II, renal responses of pregnant and nonpregnant women to isopressor doses of (Chesley), 410 (Current investigation)
- Anomalies, congenital, and virus infections (Evans and Brown), 749
- Anovulatory ovary, effect of human FSH and HCG on (Buxton, Kase, and Van Orden), 773
- Antenatal prediction of hemolytic disease of newborn (Walker and Jennison), 552 (Abst.)
- Appendicitis at term (Pfleiderer), 553 (Abst.)
- Arias-Stella phenomenon in diagnosis of ectopic pregnancy (Škulj et al.), 499
- Arterial and uterine venous blood of pregnant women, oxygen, carbon dioxide, and hydrogen-ion concentrations in (Stenger et al.), 1037
- Arteriovenous fistula, posthysterectomy, involving uterine artery and vein (Field, Welch, and Johnson), 105
- Artery and vein, uterine, posthysterectomy arteriovenous fistula involving (Field, Welch, and Johnson), 105
- Ascending paper chromatography, study of glucosuria of pregnancy by means of (Dokumov), 854
- Ascites and toxemic pregnancy (Imaz and Gonzalo), 1101 (Abst.)
- Atropine test, analysis of, for placental transfer in 28 normal gravidas (Hellman et al.), 650
- Autoradiographic investigation of estrogen response mechanisms in rat vaginal epithelium (Peckham, Ladinsky, and Kiekhof), 710

B

- Baby-care unit, special, of maternity hospital, admissions and readmissions from district to (Craig), 552 (Abst.)
- Bacteriological examination of urine (Cattell and Lefford), 1098 (Abst.)
 flora of uterine cervix and Fallopian tubes in salpingitis, comparison (Lukasik), 1028
- Bacteriuria, asymptomatic of pregnancy and detection by simple stain (Goss et al.), 493
- Basal cell cancer, hereditary, of skin, ovarian fibromas and mesenteric cysts with (Clendenning, Herdt, and Block), 1008
- Bicornuate uterus, Shirodkar operation on unsuspected (Kawasaki), 142 (Comm. in brief)
- Biology, reproductive, training in, with emphasis on early reproduction, 288 (Item)
- Biopsy, percutaneous renal, in eclampsia (Dennis et al.), 364
- Birth control, Catholic doctor's proposals to end battle over, time has come (Rock), 282 (B. rev.)
- Births, human premature, studies on. I. Placental progesterone concentrations (Kumar et al.), 126 (Current investigation)
 studies on (Kumar and Zourlas), 413
- Block for obstetrical anesthesia, uterosacral or paracervical (McGowan), 286 (Abst.)

September 1, pp. 1-148; September 15, pp. 149-288; October 1, pp. 289-424; October 15, pp. 425-560; November 1, pp. 561-700; November 15, pp. 701-838; December 1, pp. 839-978; December 15, pp. 979-1122.

- Blocks, nerve, combined paracervical and pudendal, to relieve childbirth pain (Kobak, Sadove, and Kobak), 1102 (Abst.)
- Blood, circulating, of patients with septic abortion, demonstration of endotoxin in (Douglas, Beller, and Debrovner), 780
- coagulability, oral contraception and (Egeberg and Owren), 1099 (Abst.)
- hormones in (Gray and Bacharach), 280 (B. rev.)
- incidence of microelectrophoretic cancer erythrocyte-slowing factor in postmortem, of 125 necropsies (Rottino, Angers, and Dool), 160
- levels, phosphorus, iron and, comparative hematological studies in mother and newborn baby (Chowdhury, Dutta, and Mukherjee), 540
- maternal, in human placenta, development of circulation of (Bumm, translated by Wynn), 829 (Re-evaluation)
- pressure, relation of second trimester, to toxemia of pregnancy in primigravid patient (Fallis and Langford), 123 (Current investigation)
- volume, red cell plasma, and, in healthy women, measured by radiochromium cell-labeling and hematocrit (Brown et al.), 700 (Abst.)
- Book reviews, 280-282
- Brain tumors, pregnancy associated with, management (Kempers and Miller), 854
- Breast, tumors of (Cutler), 282 (B. rev.)
- Brenner cell tumor with masculinization, histochemical observations of (Meiling et al.), 463
- Bumm, Ernst (Ramsey), 827 (Re-evaluation)

C

- Calcification, placental, and maternal age (Fujikura), 41
- and seasonal difference (Fujikura), 46
- Calcium content of human placenta (Jeacock), 34
- Cancer (*see also* Carcinoma)
- cells, exfoliation of, in vaginal mucosa, intraepithelial carcinoma, dysplasia and (Ferguson and Maclure), 326
- of cervix, 471-477
- where should, be treated (Paloucek), 405 (Current opinion)
- (Sherman), 557 (Correspondence)
- endometrial, in mice, new method of producing (Taki and Iijima), 926
- of endometrium, 921-947
- gynecological, new enzyme test for (Bonham and Gibbs), 550 (Abst.)
- hereditary basal cell, of skin, ovarian fibromas and mesenteric cysts with (Clendenning, Herdt, and Block), 1008
- involving the vulva (Collins et al.), 762
- microelectrophoretic, erythrocyte-slowing factor in post-mortem blood of 125 necropsies, incidence of (Rottino, Angers, and Dool), 160
- research, 160-162
- Carbon dioxide, oxygen, and hydrogen-ion concentrations in arterial and uterine venous blood of pregnant women (Stenger et al.), 1037
- Carcinoma (*see also* Cancer)
- of cervix, ploidy in, clinical significance of (Atkin and Richards), 287 (Abst.)
- radical surgery in early (Masterson), 601
- recurrence after 15 years (Covington), 471
- corpus, precursors of (Gusberg and Kaplan), 662
- endometrial, problems in management of advanced (Long, Spratt, and Sala), 942
- of endometrium and carcinoma in situ of urethra, co-existent (Rutledge and Nesbit), 968 (Current opinion)
- Carcinoma—Cont'd
- in situ of urethra, carcinoma of endometrium and, co-existent (Rutledge and Nesbit), 968 (Current opinion)
- intraepithelial, dysplasia, and exfoliation of cancer cells in vaginal mucosa (Ferguson and Maclure), 326
- Catheter for cervix (Kantor), 178
- Catholic doctor's proposals to end battle over birth control, time has come (Rock), 282 (B. rev.)
- Caudal anesthesia, long-acting single injection (Harer, Gunther, and Stubblefield), 236
- Cellular metabolic activity—a new basis for screening of vaginal cytology? (Peckham and Ladinsky), 418
- Cervical dilation in labor, research instrument for, electronic cervimeter (Friedman and Von Micsky), 789
- dyspareunia, relief of by transvaginal paracervical uterine denervation (Wright), 963
- incompetence, management of by purse-string suture (Cushner), 882
- neoplasia in pregnancy (Richart), 474
- os, incompetent, and pessary (Vitsky), 144 (Comm. in brief)
- pregnancy, conservative management of (Sheldon, Aaro, and Welch), 504
- Cervimeter, electronic, research instrument for study of cervical dilatation in labor (Friedman and Von Micsky), 789
- Cervix, cancer of, 471-477
- where should, be treated (Paloucek), 405 (Current opinion)
- (Sherman), 557 (Correspondence)
- carcinoma of, ploidy in, clinical significance (Atkin and Richards), 287 (Abst.)
- radical surgery in early (Masterson), 601
- recurrences after 15 years (Covington), 471
- catheter for (Kantor), 178
- uterine, adenocarcinoma of, in 37-year-old virgin with coexisting cancer of body of uterus (Bielecki, Borowicz, and Misiewicz), 135 (Comm. in brief)
- bacteriological flora of, and comparison of Fallopian tubes in salpingitis (Lukasik), 1028
- Cesarean section, local anesthesia for (Busby), 399
- primary, in multipara (Klein, Robbins, and Gabaeff), 242
- in primitive community (Carr), 551 (Abst.)
- trends in incidence and indications for, at Charlotte Memorial Hospital during last 10 years (Jones), 306
- Chemotherapy, metronidazole, for *Trichomonas vaginalis* infections (Sikat, Heemstra, and Ranney), 556 (Abst.)
- Chiari-Frommel syndrome, pregnancy following clomiphene-induced ovulation in (Kaiser), 149
- Childbirth pain relieved by combined paracervical and pudendal nerve blocks (Kobak, Sadove, and Kobak), 1102 (Abst.)
- Chromatin pattern, male, gonadal dysgenesis with (Flor, Schadt, and Benz), 555 (Abst.)
- Chromatography, gas-liquid, abnormal estrogen levels in hydatidiform moles determined by (Bonanno et al.), 210
- Circulating blood of patients with septic abortion, demonstration of endotoxin in (Douglas, Beller, and Debrovner), 780
- Circulation of maternal blood in human placenta, development of (Bumm, translated by Wynn), 829 (Re-evaluation)
- Citrate intoxication during exchange transfusions, prevention of (Nealon, Ching, and Gibbon), 1101 (Abst.)

Clinical problems, 968-977

- Clitoris, sexual response cycle of human female, anatomic and clinical considerations (Masters and Johnson), 284 (Abst.)
- Clomiphene-induced ovulation in Chiari-Frommel syndrome, pregnancy following (Kaiser), 149
- Clotting defect, (hypofibrinogenemia), acquired, in pregnancy (Reid), 344
- Coagulability, blood, oral contraception and (Egeberg and Owren), 1099 (Abst.)
- Coccygodynia (Maguire), 134 (Comm. in brief)
- Communication in brief, 130-141
- Complication, fetal, of vaccination in pregnancy (Tucker and Sibson), 548 (Abst.)
- Complications due to the placenta, 190-209
of labor, 507-524
- Congenital anomalies, 66-70
and virus infections (Evans and Brown), 749
- Contraception, oral, and blood coagulability (Egeberg and Owren), 1099 (Abst.)
- Contraceptive study, intravaginal, anatomy (Johnson and Masters), 283 (Abst.)
- Contractions, myometrial, effect of estrogens on (Klopper and Denis), 552 (Abst.)
- Corpus cancer, precursors (Gusberg and Kaplan), 662
- Correspondence, 557-559
- Culdoscopy, an appraisal of results (Billingsley et al.), 172
- Current investigation, 123-129, 410-424
opinion, 827-838
- Cycle, sexual response, of human female (Masters and Johnson), 284 (Abst.)
- Cysts, mesenteric, ovarian fibromas and, with hereditary basal cell cancer of skin (Clendenning, Herdt, and Block), 1008
- Cytodiagnosis of ruptured fetal membranes (Averette, Hopman, and Ferguson), 226
- Cytogenetics, pathology and, of gonadal agenesis (Jones, Smith, and Heller), 578
- Cytologic smear, abnormal (Ashe, Arey, and Williams), 320
- Cytology, vaginal, cellular metabolic activity—a new basis for screening of (Peckham and Ladinsky), 418

D

- Dead fetus, destructive operations on (Babuna), 258
- Death, fetal, in utero (Csapo et al.), 892
- Decongestants, oral nasal, effect, upon menstrual cycle (McCain and Olley), 354
- Delivery, evaluation of hypnosis for obstetric (Gross and Posner), 912
instrument, and fetal heart rate (Kelly), 529
pregnancy and, before menarche (Doring), 554 (Abst.)
- Denervation, transvaginal paracervical, relief of cervical dyspareunia by (Wright), 963
- Dermatitis, papular, of pregnancy (Spangler et al.), 555 (Abst.)
- Destructive operations on dead fetus (Babuna), 258
- Detrusor dysfunction, dyssynergic, in apparently normal female (Hodgkinson, Ayers, and Drukker), 717
- Development of circulation of maternal blood in human placenta (Bumm, translated by Wynn), 829 (Re-evaluation)
- Diagnosis of hydatidiform mole, further aid in, serum glutamic oxalacetic transaminase (Tobin), 213
- Dilatation, cervical in labor, research instrument for, electronic cervimeter (Friedman and Von Micsky), 789
- Diplomates of American Board of Obstetrics and Gynecology, addition to list, 978 (Item)
- Disaster, thalidomide, considered as experiment in mammalian teratology (Woollan), 548 (Abst.)
- Disease, hemolytic, of newborn, antenatal prediction (Walker and Jennison), 552 (Abst.)
- Distress, fetal, vacuum extractor in (Roszkowski, Borkowski, and Kretowicz), 253 (Comm. in brief)
- Disturbances, emotional, management of in obstetrical and gynecological patients (Fromhagen), 183
- Diuretic drug, new, triamterene (Baba, Tudhope, and Wilson), 549, 550 (Abst.)
- Double-blind study of premature rupture of membranes (Lebherz et al.), 218
- Dying fetus, fetal electrocardiogram of (Hon and Lee), 804
- Dysfunction, dyssynergic detrusor, in apparently normal female (Hodgkinson, Ayers, and Drukker), 717
- Dysgenesis, gonadal, with male chromatin pattern (Flor, Schadt, and Benz), 555 (Abst.)
- Dyspareunia, cervical, relief of, by transvaginal paracervical denervation (Wright), 963
- Dysplasia, intraepithelial carcinoma, and exfoliation of cancer cells in vaginal mucosa (Ferguson and Macclure), 326
- Dyspnea of pregnancy (Gilbert, Epifano, and Auchinloss), 699 (Abst.)
- Dyssynergic detrusor dysfunction in apparently normal female (Hodgkinson, Ayers, and Drukker), 717

E

- Ectopic pregnancy, 499-503
Arias-Stella phenomenon in diagnosis of (Skulj et al.), 499
- Electrocardiogram, fetal, of dying fetus (Hon and Lee), 804
variation in, with period of gestation (Caughy and Krohn), 525
- Electrocardiography, fetal heart rate and, 525-537
noise reduction in (Hon and Lee), 1086
- Electron microscopic studies of renal glomerular lesions of pre-eclampsia (Pirani et al.), 1047
- Electronic cervimeter, research instrument for study of cervical dilatation in labor (Friedman and Von Micsky), 789
evaluation of fetal heart rate preceding fetal death (Hon and Lee), 814
- Embolism, amniotic fluid, fibrinolytic system in (Beller et al.), 48
- Embryo, effect on early, of agents administered to mother (Lutwak-Mann and Hay), 551 (Abst.)
- Embryonic tumors, nuclear sex of (Taylor), 1100 (Abst.)
- Embryopathy, rubella (Liggins and Phillips), 1100 (Abst.)
- Emotional disturbances, management of, in obstetrical and gynecological patients (Fromhagen), 183
- Endocrine physiology of pregnancy, 1-12
- Endocrinology, 77-86, 425-454, 979-998
- Endometrial adenocarcinoma, metastatic (Miller and Arneson), 971 (Current opinion)
with psammomatous bodies (Karpas and Bridge), 935
aspiration smear in diagnosis of malignancy of uterine corpus (Rascoe), 921
cancer in mice, new method of producing (Taki and Iijima), 926
carcinoma, problems in management of advanced (Long, Spratt, and Sala), 942
effects, long-term, of synthetic progestins used in fertility control, comparison (Rice-Wray et al.), 429

- Endometriosis, surgical treatment of, with conservation of reproductive potential (McCoy and Bradford), 394
- Endometrium, malignant mixed Müllerian tumor (Lash and Mann), 169
- Endotoxin in circulating blood of patients with septic abortion, demonstration (Douglas, Beller, and Debrovner), 780
- Enovid administration, long-term, adrenal function during (Wallach et al.), 991
- oral contraception and blood coagulability with (Egeberg and Owren), 1099 (Abst.)
- Enzymatic histochemistry of term human placenta (Wachstein, Meagher, and Ortiz), 13
- Enzyme test, new, for gynecological cancer (Bonham and Gibbs), 550 (Abst.)
- Episiotomy, midline, systemic use of muscle relaxants for virtual elimination of rectal involvement with (Dodek), 272
- pain, prophylaxis of, controlled study of oral trypsin on postpartum course (Bare and Fine), 268
- Epithelium, vaginal, rat, estrogen response mechanisms in, autoradiographic investigations (Peckham, Ladinsky, and Kiekhofer), 710
- Ernst Bumm (Ramsey), 827 (Re-evaluation)
- Erythrocyte-slowness factor, microelectrophoretic cancer, in postmortem blood of 125 necropsies, incidence (Rottino, Angers, and Dool), 160
- Estradiol metabolism in pregnant and nonpregnant women (Davis et al.), 979
- Estril and pregnanediol, excretion of, in toxemia of pregnancy and in postmaturity (Furuhjelm), 1098 (Abst.)
- Estrogen levels, urinary, abnormal, in hydatidiform moles determined by gas-liquid chromatography (Bonanno et al.), 210
- preparations, androgen-, two, and placebo for suppression of lactation, double-blind evaluation (Bare, Zaleznik, and Levin), 276
- response mechanisms, autoradiographic investigations of, in rat vaginal epithelium (Peckham, Ladinsky, and Kiekhofer), 710
- Estrogenic hormones, metabolism in pregnant and nonpregnant women (Davis et al.), 979
- Estrogens, effect, on myometrial contractions (Klopper and Dennis), 552 (Abst.)
- role of vascular mucopolysaccharides in hemostatic action of (Rona), 434
- Exchange transfusions, hyperbilirubinemia due to, in newborn (Ehrlich and Lukk), 1101 (Abst.)
- prevention of citrate intoxication during (Nealon, Ching, and Gibbon), 1101 (Abst.)
- Exfoliation of cancer cells in vaginal mucosa, intraepithelial carcinoma, dysplasia, and (Ferguson and Macclure), 326
- Experiment in mammalian teratology, thalidomide disaster considered as (Woollan), 548 (Abst.)
- Experimental hemorrhage in late pregnancy (Romney, Gabel, and Takeda), 636
- Extractor, vacuum (Lancet), 1099 (Abst.)
- in fetal distress (Roszkowski, Borkowski, and Kretowicz), 253 (Comm. in brief)

F

- Face presentation (Dede and Friedman), 515
- Fallopian tubes in salpingitis, bacteriological flora of uterine cervix and (Lukasik), 1028
- Feminization, testicular, further observations on syndrome of (Morris and Mahesh), 731

- Femoral nerve injury associated with Pfannenstiel incision and abdominal retractors (McDaniel, Kirkley, and Gilbert), 381
- Fertility control, comparison of long-term endometrial, effects of synthetic progestins used in (Rice-Wray et al.), 429
- pregnancy, and labor in women with history of nephritis or pyelonephritis (Rauramo et al.), 1097 (Abst.)
- Fetal complication of vaccination in pregnancy (Tucker and Sibson), 548 (Abst.)
- death, electronic evaluation of fetal heart rate preceding (Hon and Lee), 814
- in utero, 892-911
- (Csapo et al.), 892
- distress, vacuum extractor in (Roszkowski, Borkowski, and Kretowicz), 253 (Comm. in brief)
- electrocardiogram of dying fetus (Hon and Lee), 804
- variation in, with period of gestation (Caughey and Krohn), 525
- electrocardiography, noise reduction in (Hon and Lee), 1086
- heart rate and electrocardiography, 525-537
- instrument delivery and (Kelly), 529
- preceding fetal death, electronic evaluation of (Hon and Lee), 814
- and maternal plasmas, freezing points of (Stenger et al.), 1042
- membranes, ruptured, cytodiagnosis of (Averette, Hopman, and Ferguson), 226
- Fetus, 804-826
- dead, destructive operations on (Babuna), 258
- living and dead, halo sign in (Borell, Fernström, and Ohlson), 906
- in utero, rabbit, effect of respiratory acidosis on (Bruns et al.), 1074
- research on, 1074-1096
- Fibrinogen, hypofibrinogenemia treated without administration of (Bennett), 133 (Comm. in brief)
- Fibrinolysis, 48-62
- Fibrinolytic system in amniotic fluid embolism (Beller et al.), 48
- Fibromas, ovarian, and mesenteric cysts, with hereditary basal cell cancer of skin (Clendenning, Herdt, and Block), 1008
- Fistula, arteriovenous, posthysterectomy, involving uterine artery and vein (Field, Welch, and Johnson), 105
- Flora, bacteriological, of uterine cervix and Fallopian tubes in salpingitis, comparison (Lukasik), 1028
- Fluid embolism, amniotic, fibrinolytic system in (Beller et al.), 48
- Fourth New Zealand Congress in Obstetrics and Gynaecology, 560 (Item)
- Freezing points of fetal and maternal plasmas of humans (Stenger et al.), 1042
- FSH and HCG, human, effect on anovulatory ovary (Buxton, Kase, and Van Orden), 773

G

- Galactosamine content, glucosamine and, of human placenta (Jozwik, Popowicz, and Bialystok), 30
- Gas-liquid chromatography, abnormal estrogen levels in hydatidiform moles determined by (Bonanno et al.), 210
- Gestation, variation in fetal electrocardiogram with period (Caughey and Krohn), 525
- Gynecologia, obstetrica e (Moracci), 281 (B. rev.)
- Glomerular lesions, renal, of pre-eclampsia, electron microscopic studies of (Pirani et al.), 1047

- Glucosamine and galactosamine content of the human placenta (Jozwik, Popowicz, and Bialystok), 30
- Glucose solution, hypertonic, induction of labor by intra-amniotic injection (Wood, Booth, and Pinkerton), 549 (Abst.)
- 6-phosphate-dehydrogenase-deficient infants, neonatal jaundice on (Fessas, Doxiadis, and Valaes), 287 (Abst.)
- Glucosuria of pregnancy, study of, by means of ascending paper chromatography (Dokumov), 854
- Gonadal agenesis, pathology and cytogenetics (Jones, Smith, and Heller), 578
- dysgenesis with male chromatin pattern (Flor, Schadt, and Benz), 555 (Abst.)
- Gonorrhea treated with oxytetracycline (Shapiro and Lentz), 87
- Granular cell myoblastoma of vulva (Svesko), 143 (Comm. in brief)
- Graviditas, normal, analysis of atropine test for placental transfer in 28 (Hellman et al.), 650
- Gynecological cancer, new enzyme test for (Bonham and Gibbs), 550 (Abst.)
- patients, obstetrical and, management of emotional disturbances in (Fromhagen), 183

H

- Halo sign in living and dead fetus (Borell, Fernström, and Ohlson), 906
- HCG, effect of human FSH and, on anovulatory ovary (Buxton, Kase, and Van Orden), 773
- Heart rate, fetal, and electrocardiography, 525-537
- instrument delivery and (Kelly), 529
- preceding fetal death, electronic evaluation of (Hon and Lee), 814
- Hemangiomas in pregnancy (Barter, Letterman, and Schurter), 625
- Hematocrit, radiochromium cell-labeling and, red cell plasma, and blood volume in healthy women measured by (Brown et al.), 700 (Abst.)
- Hematological studies, comparative, of iron and phosphorus blood levels in mother and newborn baby (Chowdhury, Dutta, and Mukherjee), 540
- Hematometra, postmenopausal (Thiery and Rappe), 557 (Correspondence)
- Hemodialysis, acute renal failure requiring (Holmes and Taylor), 109
- Hemolytic disease of newborn, antenatal prediction of (Walker and Jennison), 552 (Abst.)
- Hemorrhage, experimental in late pregnancy (Romney, Gabel, and Takeda), 636
- postpartum, late, susceptibility to (Paffenbarger), 263
- Hemostatic action of estrogens, role of vascular mucopolysaccharides in (Rona), 434
- Hirsutism as a gynecological problem (Israel), 372
- Histochemical demonstration in human placenta of monoamine oxidase activity by tetrazolium salts (De Maria), 27
- observations of a Brenner cell tumor with masculinization (Meiling et al.), 463
- Histochemistry, enzymatic, of term human placenta (Wachstein, Meagher, and Ortiz), 13
- Hodgkin's disease in pregnancy (Hennessy and Rottino), 851
- Hormone activity of common ovarian neoplasm (Woodruff, Williams, and Goldberg), 679
- growth, activity in human pregnancy. II. Assays with an in vivo sulfation method (Chesley), 8

- Hormones in blood (Gray and Bacharach), 280 (B. rev.)
- estrogenic, metabolism in pregnant and nonpregnant women (Davis et al.), 979
- immunoassay of (Ciba Foundation), 280 (B. rev.)
- Human FSH and HCG, effect of, on anovulatory ovary (Buxton, Kase, and Van Orden), 773
- placenta, development of circulation of maternal blood in (Bumm, translated by Wynn), 829 (Re-evaluation)
- Hyaline membranes, pulmonary, in various strains of mice (Fujikura), 1081
- Hydatidiform mole, 210-217, 543-547
- further aid in diagnosis of, serum glutamic oxalacetic transaminase (Tobin), 213
- in twin pregnancy (Chamberlain), 140 (Comm. in brief)
- moles, abnormal urinary estrogen levels in, determined by gas-liquid chromatography (Bonanno et al.), 210
- repeat (Hsu et al.), 543
- Hydrogen-ion concentrations, oxygen, carbon dioxide, and, in arterial and uterine venous blood of pregnant women (Stenger et al.), 1037
- Hydroureter, physiological, of pregnancy in four-legged animal (Fainstat), 486
- 17-Hydroxyprogesterone caproate, double-blind study of effect on abortion rate (Shearman and Garrett), 1099 (Abst.)
- Hyperbilirubinemia due to exchange transfusion in newborn (Ehrlich and Lukk), 1101 (Abst.)
- of prematurity, lack of relationship between phenothiazine administration to mothers in labor and (Belmont, Cherry, and Lucey), 538
- Hypertonic glucose solution, induction of labor by intra-amniotic injection of (Wood, Booth, and Pinkerton), 549 (Abst.)
- Hypnosis, assessment of value, in pregnancy and labor (Davidson), 551 (Abst.)
- for obstetric delivery, evaluation of (Gross and Posner), 912
- in obstetrics, 912-920
- Hypofibrinogenemia, acquired clotting defect, in pregnancy (Redi), 344
- treated without administration of fibrinogen (Bennett), 133 (Comm. in brief)
- Hysterectomy: Management of vaginal cuff (Johnson, Gardner, and Diddle), 951

I

- Imidazole derivative, new, clinical and statistical study of treatment of trichomonad infestation in Vietnamese women with special reference to (Tran-Dinh-De and Nguyen-Van-Tu), 92
- Immunoassay of hormones (Ciba Foundation), 280 (B. rev.)
- Immunological test for pregnancy (Henry and Little), 555 (Abst.)
- Incompetence, cervical, management of by purse-string suture (Cushner), 882
- Incompetent cervical os and pessary (Vitsky), 144 (Comm. in brief)
- Incontinence, urinary, dyssynergic (Hodgkinson, Ayers, and Drukker), 717
- Induced abortions, interdisciplinary study of 4 wives who had (Mumford), 865
- Infant, prize, in elderly primigravida (Gardner), 975 (Current opinion)
- Infection, prenatal, with vaccinia virus (Entwistle, Bray, and Laurence), 548 (Abst.)

- Infections, *Trichomonas vaginalis*, metronidazole chemotherapy for (Sikat, Heemstra, and Ranney), 556 (Abst.)
virus, congenital anomalies and (Evans and Brown), 749
- Inflammation, 87-104, 455-462, 1015-1036
- Injection of hypertonic glucose solution, intra-amniotic, induction of labor by (Wood, Booth, and Pinkerton), 549 (Abst.)
long-acting single, caudal anesthesia (Harer, Gunther, and Stubblefield), 236
- Instrument delivery and fetal heart rate (Kelly), 529
research, for study of cervical dilatation in labor, electronic cervimeter (Friedman and Von Micsky), 789
- Intestinal tumor simulating leiomyomas of uterus (Bennett), 131 (Comm. in brief)
- Intra-amniotic injection of hypertonic glucose solution, induction of labor by (Wood, Booth, and Pinkerton), 549 (Abst.)
- Intraepithelial carcinoma, dysplasia, and exfoliation of cancer cells in vaginal mucosa (Ferguson and Macclure), 326
- Intravaginal contraceptive study, anatomy (Johnson and Masters), 283 (Abst.)
- Intravenous oxytocin in conduct of labor of grand multipara (Sicuranza, Gusmano, and Tisdall), 138 (Comm. in brief)
stimulation in second stage of labor (Wood and Perry), 337
- International Federation of Gynecology and Obstetrics, Congress, 978 (Item)
- Intoxication, citrate, during exchange transfusions, prevention (Nealon, Ching, and Gibbon), 1101 (Abst.)
- Iodine, protein-bound, vaginal smear serum gonadotropin, and thyroxine-binding as measures of placental adequacy, evaluation (Nicoloff, Nicoloff, and Dowling), 700 (Abst.)
- Iron and phosphorus blood levels in mother and newborn baby, comparative hematological studies (Chowdhury, Dutta, and Mukherjee), 540
- Isopressor doses of angiotensin II, renal responses of pregnant and nonpregnant women to (Chesley), 410 (Current investigation)
- Isotopic placentography (Weinberg, Shapiro, and Bruhn), 203
- Items, 148, 288, 560, 978

J

- James W. Kennedy Memorial Travel Fellowship, Fifth Annual, of American Association of Obstetricians and Gynecologists, 978 (Item)
- Jaundice, neonatal, in glucose-6-phosphate-dehydrogenase-deficient infants (Fessas, Doxiadis, and Valaes), 287 (Abst.)

L

- Labor, assessment of value of hypnosis in pregnancy and (Davidson), 551 (Abst.)
clinical, placental location and character of (Csapo, de Mattos, and de Sousa Filho), 793
complications of, 507-524
fertility, pregnancy and, in women with history of nephritis or pyelonephritis (Rauramo et al.), 1097 (Abst.)
induction of, by intra-amniotic injection of hypertonic glucose solution (Wood, Booth, and Pinkerton), 549 (Abst.)

Labor—Cont'd

- intravenous oxytocin in conduct of, of grand multipara (Sicuranza, Gusmano, and Tisdall), 138 (Comm. in brief)
stimulation in second stage (Wood and Perry), 337
lack of relationship between phenothiazine administration to mothers in, and hyperbilirubinemia of prematurity (Belmont, Cherry, and Lucey), 538
physiology, 789-803
research instrument for study of cervical dilation in, electronic cervimeter (Friedman and Von Micsky), 789
- Lactation, double-blind evaluation of two androgen-estrogen preparations and placebo for suppression of (Bare, Zaleznik, and Levin), 276
- Liaison, intramural, for better understanding (Gardner), 561
- Listeriosis, significance of, in obstetrics (Schultze and Van Marwyk), 554 (Abst.)
- Leiomyomas, intestinal tumors simulating, of uterus (Bennett), 131 (Comm. in brief)
- Leiomyomatosis, intravenous (Steiner, Warren, and Judd), 163
- Local anesthesia for cesarean section (Busby), 399

M

- Male chromatin pattern, gonadal dysgenesis with (Flor, Schadt, and Benz), 555 (Abst.)
- Malformed uterus, pregnancy and (Zabriskie), 286 (Abst.)
- Malignant mixed Müllerian tumor of endometrium (Lash and Mann), 169
- Mammalian teratology, thalidomide disaster considered as experiment in (Woollan), 548 (Abst.)
- Masculinization, histochemical observations of Brenner cell tumor with (Meiling et al.), 463
- Maternal blood in human placenta, development of circulation of (Bumm, translated by Wynn), 829 (Re-evaluation)
fetal and, plasmas, freezing points of (Stenger et al.), 1042
mortality, 71-76
at Grady Memorial Hospital (Llorens, Griner, and Thompson), 386
- Medical and surgical complications of pregnancy, 851-864
- Membranes, premature rupture of, 218-230
rupture of, double-blind study of (Lebherz et al.), 218
pulmonary hyaline, in various strains of mice (Fujikura), 1081
ruptured fetal, cytodiagnosis of (Averette, Hopman, and Ferguson), 226
- Menarche, pregnancy and delivery before (Doring), 554 (Abst.)
some characteristics of (Golub, Menduke, and Lang), 77
- Menopausal patient, management of with amitriptyline (Mulla), 137 (Comm. in brief)
- Menorrhagia, severe, micromyomas of uterus with (Hiller), 163
- Menstrual cycle, normal, thermal changes in (Marshall), 1099 (Abst.)
- Menstruation, effect, on simple reaction and movement time (Pierson and Lockhart), 1100 (Abst.)
- Mesenteric cysts, ovarian fibromas and, with hereditary basal cell cancer of skin (Clendenning, Herdt, and Block), 1008
- Metabolic activity, cellular, a new basis for screening vaginal cytology? (Peckham and Ladinsky), 418
clearance rate of aldosterone in pregnant and nonpregnant subjects estimated by both single-injection and constant-infusion methods (Tait et al.), 709 (Abst.)

- Metabolism, estradiol, in pregnant and nonpregnant women (Davis et al.), 979
- Metastatic endometrial adenocarcinoma (Miller and Arneson), 971 (Current opinion)
- Metaxylohydroquinone, effect of, on indices of progestational activity in human (Malkani and Sujana), 425
- Metronidazole chemotherapy for *Trichomonas vaginalis* infections (Sikat, Heemstra, and Ranney), 556 (Abst.)
and trichomonal vaginitis (Forster, Ramirez, and Rapoport), 1015
- Microelectrophoretic cancer erythrocyte-slowing factor in postmortem blood of 125 necropsies, incidence of (Rottino, Angers, and Dool), 160
- Micromyomas of uterus with severe menorrhagia (Hiller), 163
- Microscopic studies, electron, of renal glomerular lesions of pre-eclampsia (Pirani et al.), 1047
- Missed abortion (Spritz, Welch, and Wilson), 877
- Molar pregnancy with pre-eclampsia, renal biopsies in Marín, Orrellana, and Pereda), 132 (Comm. in brief)
- Mole, hydatidiform, 210-217, 543-547
further aid in diagnosis of, serum glutamic oxalacetic transaminase (Tobin), 213
- Moles, hydatidiform, abnormal urinary estrogen levels in, determined by gas-liquid chromatography (Bonanno et al.), 210
repeat (Hsu et al.), 543
- Mongolism, possible relation of toxoplasmosis in obstetrics to (Macer), 66
- Monoamine oxidase activity, histochemical demonstration in human placenta of, by tetrazolium salts (De Maria), 27
- Mortality, maternal, at Grady Memorial Hospital (Llorens, Griner, and Thompson), 386
obstetrics, factors in (Phillips, Frazier, and Davis), 71
- Mosaicism in girl (Vaharu et al.), 700 (Abst.)
- Mother, effect on early embryo of agents administered to (Lutwak-Mann and Hay), 551 (Abst.)
and newborn baby, comparative hematological studies of iron and phosphorus blood levels in (Chowdhury, Dutta, and Mukherjee), 540
- Mothers in labor, lack of relationship between phenothiazine administration to, and hyperbilirubinemia of prematurity (Belmont, Cherry, and Lucey), 538
- Mucopolysaccharides, vascular, role, in hemostatic action of estrogens (Rona), 434
- Mucosa, vaginal, intraepithelial carcinoma, dysplasia, and exfoliation of cancer cells (Ferguson and MacLure), 326
- Müllerian tumor, malignant mixed, of endometrium (Lash and Mann), 169
- Multiglandular aspects of Stein-Leventhal syndrome (Leventhal and Scommegna), 445
- Multipara, primary cesarean section in (Klein, Robbins, and Gabaeff), 242
- Muscle contraction time (MCT) used as office test of thyroid function, refinements in technique and interpretation (Hirst), 80
relaxants for virtual elimination of rectal involvement with midline episiotomy, systemic use of (Dodek), 272
- Myoblastoma, granular cell, of vulva (Svesko), 143 (Comm. in brief)
- Mycosis, vulvovaginal, use of Trichomycin in treatment of, in pregnant women (Smith, Taubert, and Martin), 455

- Myometrial contractions, effect of estrogens on (Klopper and Dennis), 552 (Abst.)

N

- Nasal decongestants, oral, effect of, on menstrual cycle (McCain and Olley), 354
- Neonatal jaundice in glucose-6-phosphatase-dehydrogenase-deficient infants (Fessas, Doxiadis, and Valaes), 287 (Abst.)
pediatrics (Israel and Boggs), 701
- Neoplasia, cervical, in pregnancy (Richart), 474
- Neoplasms, ovarian, hormone activity of common (Woodruff, Williams, and Goldberg), 679
- Nephritis or pyelonephritis, fertility, pregnancy, and labor in women with history of (Rauramo et al.), 1097 (Abst.)
- Nerve blocks, combined paracervical and pudendal, to relieve childbirth pain (Kobak, Sadove, and Kobak), 1102 (Abst.)
injury, femoral, associated with Pfannenstiel incision and abdominal retractors (McDaniel, Kirkley, and Gilbert), 381
- Newborn, 538-542
antenatal prediction of hemolytic disease of (Walker and Jennison), 552 (Abst.)
baby, comparative hematological studies of iron and phosphorus blood levels in mother and (Chowdhury, Dutta, and Mukherjee), 540
hyperbilirubinemia due to exchange transfusions in (Ehrlich and Lukk), 1101 (Abst.)
- New York Obstetrical Society Centennial, 839-849
- New Zealand Congress, Fourth, in Obstetrics and Gynecology, 560 (Item)
- Noise reduction in fetal electrocardiography (Hon and Lee), 1086
- Nuclear sex of embryonic tumors (Taylor), 1100 (Abst.)
- Nucleolar structure (Roberts), 557 (Correspondence)

O

- Obesity and its association with complications of pregnancy (Emerson), 549 (Abst.)
- Obstetric delivery, evaluation of hypnosis for (Gross and Posner), 912
mortality, factors in (Phillips, Frazier, and Davis), 71
neonatal pediatrics (Israel and Boggs), 701
- Obstetrical anesthesia, 231-241
uterosacral or paracervical block for (McGowan), 286 (Abst.)
and Gynecological Assembly of Southern California, 978 (Item)
patients, management of emotional disturbances in (Fromhagen), 183
- Obstetrica e ginecologia (Moracci), 281 (B. rev.)
- Obstetrics, hazards of use of paracervical block anesthesia in (Nyirjesy et al.), 231
illustrated, guide to clinical management and operative technique (Holmes), 280 (B. rev.)
operative, 242-262
significance of listeriosis in (Schultze and Van Marwyk), 554 (Abst.)
toxoplasmosis in, possible relation to Mongolism (Macer), 66
- Operations, destructive, on dead fetus (Babuna), 258
- Operative obstetrics, 242-262
- Oral contraception and blood coagulability (Egeberg and Owren), 1099 (Abst.)
nasal decongestant upon menstrual cycle, effect (McCain and Olley), 354

Oral—Cont'd

- trypsin on postpartum course, controlled study of, as prophylaxis of episiotomy pain (Bare and Fine), 268
- "Ovarian chamber," pelvic, for direct visualization procedures (Balin, Halpern, and Israel), 152
- fibromas and mesenteric cysts, with hereditary basal cell cancer of skin (Clendenning, Herdt, and Block), 1008
- neoplasms, hormone activity of common (Woodruff, Williams, and Goldberg), 679
- Tumor Registry, unclassified tumors of, 1942-1962 (Novak, Woodruff, and Linthicum), 999
- tumors, 463-470, 999-1014
- Ovary, anovulatory, effect of human FSH and HCG on (Buxton, Kase, and Van Orden), 773
- Ovulation, 149-159
 - in Chiari-Frommel syndrome, pregnancy following clomiphene-induced (Kaiser), 149
- Oxidase activity, histochemical demonstration in human placenta of monoamine, by tetrazolium salts (De Maria), 27
- Oxygen, carbon dioxide, and hydrogen-ion concentrations in arterial and uterine venous blood of pregnant women (Stenger et al.), 1037
- Oxytetracycline, gonorrhea treated with (Shapiro and Lentz), 87
- Oxytocin, intravenous, in conduct of labor of grand multipara (Sicuranza, Gusmano, and Tisdall), 138 (Comm. in brief)
 - stimulation in second stage of labor (Wood and Perry), 337

P

- Pacific Coast Fertility Society, Annual Meeting, 148 (Item)
- Pain, childbirth, relieved by combined paracervical and pudendal nerve blocks (Kobak, Sadove, and Kobak), 1102 (Abst.)
 - episiotomy, prophylaxis of, controlled study of oral trypsin on postpartum course (Bare and Fine), 268
- Papular dermatitis of pregnancy (Spangler et al.), 555 (Abst.)
- Paracervical block anesthesia in obstetrics, hazards of use (Nyirjesy et al.), 231
 - uterosacral or, for obstetrical anesthesia, (McGowan), 286 (Abst.)
 - and pudendal nerve blocks, combined, to relieve childbirth pain (Kobak, Sadove, and Kobak), 1102 (Abst.)
- Parenthood, planned, practical progressive program for, "pill" (Townsend), 130 (Comm. in brief)
- Pathology and cytogenetics of gonadal agenesis (Jones, Smith, and Heller), 578
- Pediatrics, neonatal (Israel and Boggs), 701
- Pelvic "ovarian chamber" for direct visualization procedures (Balin, Halpern, and Israel), 152
- Percutaneous renal biopsy in eclampsia (Dennis et al.), 364
- Pertinent comments, 405
- Pessary, incompetent cervical os and (Vitsky), 144 (Comm. in brief)
- Pfannenstiel incision with abdominal retractors, femoral nerve injury associated with (McDaniel, Kirkley, and Gilbert), 381
- Phenothiazine administration to mothers in labor and hyperbilirubinemia of prematurity, lack of relationship between (Belmont, Cherry, and Lucey), 538
- Phosphatase, alkaline, in normal and toxemic pregnancy (Lee and Lewis), 1071
- Phosphorus blood levels, iron and, in mother and newborn baby, comparative hematological studies of (Chowdhury, Dutta, and Mukherjee), 540
- Physician's responsibility to community (Fleming), 289
- Physiology, labor, 789-803
 - of pregnancy, 1037-1046
- Placebo for suppression of lactation, double-blind evaluation of two androgen-estrogen preparations and (Bare, Zaleznik, and Levin), 276
- Placenta accreta (DiMasi, McGoldrick, and Grogan), 190
 - complications due to, 190-209
 - enzymatic histochemistry of term human (Wachstein, Meagher, and Ortiz), 13
 - glucosamine and galactosamine content of human (Jozwik, Popowicz, and Bialystok), 30
 - histochemical demonstration in human, of monoamine oxidase activity by tetrazolium salts (De Maria), 27
 - human, calcium content (Jeacock), 34
 - development of circulation of maternal blood in (Bumm, translated by Wynn), 829 (Re-evaluation)
 - previa accreta (Rubenstein and Lash), 198
 - rat, profibrinolysin activator in (Phillips and McKay), 56
 - structure and composition, 13-47
- Placental adequacy, vaginal smear, serum gonadotropin, protein-bound iodine, and thyroxine-binding as measures of, evaluation (Nicoloff, Nicoloff, and Dowling), 700 (Abst.)
 - calcification and maternal age (Fujikura), 41
 - and seasonal difference (Fujikura), 46
 - form, twin zygosity and, in relation to outcome of pregnancy (Potter), 566
 - location and character of clinical labor (Csapo, de Matos, and de Sousa Filho), 793
 - progesterone concentrations. I. Studies on human premature births (Kumar et al.), 126 (Current investigation)
 - transfer analysis of atropine test for, in 28 normal gravidas (Hellman et al.), 650
- Placentography, isotopic (Weinberg, Shapiro, and Bruhn), 203
- Planned parenthood, a practical progressive program for, "pill" (Townsend), 130 (Comm. in brief)
- Plasma and blood volume, red cell, in healthy women measured by radiochromium cell-labeling and hematocrit (Brown et al.), 700 (Abst.)
- Plasmas, fetal and maternal, freezing points of (Stenger et al.), 1042
- Ploidy in carcinoma of cervix, clinical significance of (Atkin and Richards), 287 (Abst.)
- Posthysterectomy arteriovenous fistula involving uterine artery and vein (Field, Welch, and Johnson), 105
- Postmaturity, excretion of estriol and pregnanediol in toxemia of pregnancy and in (Furuhjelm), 1098 (Abst.)
- Postmenopausal hematometra (Thiery and Rappe), 557 (Correspondence)
- Postoperative complications, 105-122
- Postpartum course, controlled study of oral trypsin on, as prophylaxis of episiotomy pain (Bare and Fine), 268
 - hemorrhage, late, susceptibility to (Paffenbarger), 263
- Precursors of corpus cancer (Gusberg and Kaplan), 662
- Pre-eclampsia, renal biopsies in molar pregnancy with (Marin, Orrellana, and Pereda), 132 (Comm. in brief)
 - glomerular lesions of, electron microscopic studies of (Pirani et al.), 1047

- Pregnancy, acquired clotting defect (hypofibrinogenemia) in (Reid), 344
- assessment of value of hypnosis in, and labor (Davidson), 551 (Abst.)
- associated with brain tumors, management of (Kempers and Miller), 858
- asymptomatic bacteriuria of, and detection by simple stain (Goss et al.), 493
- cervical, conservative management of (Sheldon, Aaro, and Welch), 504
- neoplasia in (Richart), 474
- and delivery before menarche (Doring), 554 (Abst.)
- dyspnea of (Gilbert, Epifano, and Auchinloss), 699 (Abst.)
- ectopic, 499-503
- Arias-Stella phenomenon in diagnosis of (Skulj et al.), 499
- effect of administered progesterone on urinary excretion of endogenous pregnanediol (Plotz, Wiener, and Davis), 1
- experimental hemorrhage in late (Romney, Gabel, and Takeda), 636
- fetal complication of vaccination in (Tucker and Sibson), 548 (Abst.)
- following clomiphene-induced ovulation in Chiari-Frommel syndrome (Kaiser), 149
- growth hormone activity in human. II. Assays with an in vivo sulfation method (Chesley), 8
- hemangiomas in (Barter, Letterman, and Schurter), 625
- Hodgkin's disease in (Hennessy and Rottino), 851
- immunological test for (Henry and Little), 555 (Abst.)
- and labor, fertility, in women with history of nephritis or pyelonephritis (Rauramo et al.), 1097 (Abst.)
- and malformed uterus (Zabriskie), 286 (Abst.)
- molar, with pre-eclampsia, renal biopsies in (Marín, Orrellana, and Pereda), 132 (Comm. in brief)
- normal and toxemic, alkaline phosphatase in (Lee and Lewis), 1071
- obesity and its association with complications of (Emerson), 549 (Abst.)
- papular dermatitis (Spangler et al.), 555 (Abst.)
- "physiological hydroureter" of, in four-legged animal (Fainstat), 486
- physiology, 1037-1046
- prolonged, clinical aspects (McClure Browne), 552 (Abst.)
- study of intercurrent conditions observed during (Peckham and King), 609
- and thyrotoxicosis (Hawe, Hawe, and Harold), 550 (Abst.)
- toxemia of (Berger and Cavanagh), 293
- electron microscopic studies of renal glomerular lesions of pre-eclampsia (Pirani et al.), 1047
- excretion of estriol and pregnanediol in postmaturity and (Furuhjelm), 1098 (Abst.)
- relation of second trimester blood pressure to, in primigravid patient (Fallis and Langford), 123 (Current investigation)
- ascites and (Imaz and Gonzalo), 1101 (Abst.)
- twin, hydatidiform mole in (Chamberlain), 140 (Comm. in brief)
- zygosity and placental form in relation to outcome (Potter), 566
- urinary tract in, 478-498
- vesicoureteral reflux as cause of pyelonephritis of (Hutch, Ayres, and Noll), 478
- Pregnanediol, endogenous, in pregnancy, effect of administered progesterone on urinary excretion of (Plotz, Wiener, and Davis), 1
- excretion of estriol and, in toxemia of pregnancy and in postmaturity (Furuhjelm), 1098 (Abst.)
- Pregnant and nonpregnant subjects, metabolic clearance rate of aldosterone in, estimated by single-injection and constant-infusion methods, evaluation of (Tait et al.), 700 (Abst.)
- and nonpregnant women, estradiol metabolism in (Davis et al.), 979
- renal responses of, to isopressor doses of angiotensin II (Chesley), 410 (Current investigation)
- women, oxygen, carbon dioxide, and hydrogen-ion concentrations in arterial and uterine venous blood of (Stenger et al.), 1037
- use of Trichomycin in treatment of vulvovaginal mycosis in (Smith, Taubert, and Martin), 455
- Premature births, human, studies on (Kumar and Zourlas), 413
- studies on human. I. Placental progesterone concentrations (Kumar et al.), 126 (Current investigation)
- rupture of membranes, 218-230
- double-blind study of (Lebherz et al.), 218
- Prematurity, lack of relationship between phenothiazine administration to mothers in labor and hyperbilirubinemia of (Belmont, Cherry, and Lucey), 538
- Prenatal infection with vaccinia virus (Entwistle, Bray, and Laurence), 548 (Abst.)
- Primary sex ratio from human abortions, determination of (Serr and Ismajovich), 63
- Primigravida, prize infant in elderly (Gardner), 975 (Current opinion)
- Primitive community, cesarean section in (Carr), 551 (Abst.)
- Problems, psychological, 183-189
- Procedures, technical, 172-182
- Profibrinolysin activator in rat placenta (Phillips and McKay), 56
- Progestational activity, effect of metoxylohydroquinone on indices of, in human (Malkani and Suján), 425
- agents, adrenal function with (Wallach et al.), 991
- Progesterone, administered, effect of, on urinary excretion of endogenous pregnanediol in pregnancy (Plotz, Wiener, and Davis), 1
- concentrations, placental. I. Studies on human premature births (Kumar et al.), 126 (Current investigation)
- Progestins, synthetic, comparison of long-term endometrial effects, in fertility control (Rice-Wray et al.), 429
- Prolonged pregnancy, clinical aspects of (McClure Browne), 552 (Abst.)
- Psammomatous bodies, endometrial adenocarcinoma with (Karpas and Bridge), 935
- Psychological problems, 183-189
- Psychiatric study of 4 wives who had induced abortions (Mumford), 865
- Pudendal nerve blocks, combined paracervical and, to relieve childbirth pain (Kobak, Sadove, and Kobak), 1102 (Abst.)
- Puerperium, 263-279
- Pulmonary hyaline membranes in various strains of mice (Fujikura), 1081
- Pyelonephritis, nephritis or, fertility, pregnancy, and labor in women with history (Rauramo et al.), 1097 (Abst.)
- of pregnancy, vesicoureteral reflux as cause (Hutch, Ayres, and Noll), 478

R

- Radical surgery in early carcinoma of cervix (Masterson), 601
- Radiochromium cell-labeling and hematocrit, red cell, plasma, and blood volume in healthy women measured by (Brown et al.), 700 (Abst.)

- Reaction, simple, and movement time, effect of menstruation on (Pierson and Lockhart), 1100 (Abst.)
- Red cell, plasma, and blood volume in healthy women measured by radiochromium cell-labeling and hematocrit (Brown et al.), 700 (Abst.)
- Rectal involvement with midline episiotomy, systemic use of muscle relaxants for elimination of (Dodek), 272
- Re-evaluation, 827-838
- Relaxants, muscle, for virtual elimination of rectal involvement with midline episiotomy (Dodek), 272
- Renal biopsies in molar pregnancy with pre-eclampsia (Marín, Orrellana, and Pereda), 132 (Comm. in brief)
- biopsy, percutaneous, in eclampsia (Dennis et al.), 364
- failure, acute, requiring hemodialysis (Holmes and Taylor), 109
- glomerular lesions of pre-eclampsia, electron microscopic studies of (Pirani et al.), 1047
- response of pregnant and nonpregnant women to isopressor doses of angiotensin II (Chesley), 410 (Current investigation)
- Reproductive biology with emphasis on early reproduction, training in, 288 (Item)
- potential, conservation of, surgical treatment of endometriosis with (McCoy and Bradford), 394
- Research, cancer, 160-162
- fetus, 1074-1096
- instrument for study of cervical dilatation in labor, electronic cervimeter (Friedman and Von Micsky), 789
- Respiratory acidosis, effect, on rabbit fetus in utero (Bruns et al.), 1074
- Response mechanisms, estrogen, autoradiographic investigation of, in rat vaginal epithelium (Peckham, Ladinsky, and Kiekhof), 710
- Retroperitoneal tumors, some surgical considerations of (Pratt), 956
- Reviews, book, 280-282
- Rubella embryopathy (Liggins and Phillips), 1100 (Abst.)
- Rupture of membranes, premature, 218-230
- double-blind study of (Lebherz et al.), 218
- Ruptured fetal membranes, cytodiagnosis of (Averette, Hopman, and Ferguson), 226

S

- Sacculatation of uterus (Fields and Pildes), 507
- Salpingitis, bacteriological flora of uterine cervix and Fallopian tubes in (Lukasik), 1028
- Seminar on Obstetrics and Gynecology, Third International, 148 (Item)
- Septic abortion, demonstration of endotoxin in circulating blood of patients with (Douglas, Beller, and Debrovner), 780
- Serum gonadotropin, protein-bound iodine, and thyroxine-binding, vaginal smears, as measures of placental adequacy, evaluation of (Nicoloff, Nicoloff, and Dowling), 700 (Abst.)
- glutamic oxalacetic transaminase, further aid in diagnosis of hydatidiform mole (Tobin), 213
- Sex, nuclear, of embryonic tumors (Taylor), 1100 (Abst.)
- ratio, primary, from human abortions, determination of (Serr and Ismajovich), 63
- Sexual response cycle of human female, clitoris, anatomic and clinical considerations (Masters and Johnson), 284 (Abst.)
- Shirodkar operation on unsuspected bicornuate uterus (Kawasaki), 142 (Comm. in brief)
- Skin, hereditary basal cell cancer of, ovarian fibromas and mesenteric cysts with (Clendenning, Herdt, and Block), 1008
- sutures, simplified method of removing (Krieger), 144 (Comm. in brief)
- Smear, cytologic, abnormal (Ashe, Arey, and Williams), 320
- endometrial aspiration, in diagnosis of malignancy of uterine corpus (Rascoe), 921
- South Atlantic Association of Obstetricians and Gynecologists, Annual Meeting, 978 (Item)
- Spermatozoa (Rothschild), 550 (Abst.)
- Stain, simple, asymptomatic bacteriuria of pregnancy and detection by (Goss et al.), 493
- Stein-Leventhal syndrome, multiglandular aspects of (Leventhal and Scommegna), 445
- Sulfation method, growth hormone activity in human pregnancy. II. Assays with an in vivo (Chesley), 8
- Surgery, radical, in early carcinoma of cervix (Masterson), 601
- Surgical considerations of retroperitoneal tumors (Pratt), 956
- procedures, 948-967
- Suture, purse-string, management of cervical incompetence by (Cushner), 882
- Sutures, skin, simplified method of removing (Krieger), 144 (Comm. in brief)
- Syndrome, Chiari-Frommel, pregnancy following clomiphene-induced ovulation in (Kaiser), 149
- micromyomas of uterus with severe menorrhagia (Hiller), 163
- Stein-Leventhal, multiglandular aspects of (Leventhal and Scommegna), 445
- "testicular feminization," further observations on syndrome (Morris and Mahesh), 731
- Synthetic progestins, comparison of long-term endometrial effects, used in fertility control (Rice-Wray et al.), 429

T

- Technical procedures, 172-182
- Teratology, mammalian, thalidomide disaster considered as experiment in (Woollan), 548 (Abst.)
- Test, immunological, for pregnancy (Henry and Little), 555 (Abst.)
- new enzyme, for gynecological cancer (Bonham and Gibbs), 550 (Abst.)
- thyroid, function of, refinements in technique and interpretation of muscle contraction time (MCT) used as office (Hirst), 80
- "Testicular feminization," further observations on syndrome of (Morris and Mahesh), 731
- Tetrazolium salts, histochemical demonstration in human placenta of monoamine oxidase activity by (De Maria), 27
- Thalidomide disaster considered as experiment in mammalian teratology (Woollan), 548 (Abst.)
- Thermal changes in normal menstrual cycle (Marshall), 1099 (Abst.)
- Thyroid function, test of, muscle contraction time (MCT) used as office test of, refinements in technique and interpretation (Hirst), 80
- Thyrototoxicosis, pregnancy and (Hawe, Hawe, and Harold), 550 (Abst.)
- Thyroxine-binding, vaginal smear, serum gonadotropin, protein-bound iodine, and, as measures of placental adequacy, evaluation (Nicoloff, Nicoloff, and Dowling), 700 (Abst.)
- Time has come, Catholic doctor's proposals to end battle over birth control (Rock), 282 (B. rev.)

- Toxemia, 1047-1073
 of pregnancy (Berger and Cavanagh), 293
 electron microscopic studies of renal glomerular lesions of pre-eclampsia (Pirani et al.), 1047
 excretion of estriol and pregnanediol in postmaturity and (Furuhjelm), 1098 (Abst.)
 relation of second trimester blood pressure to, in primigravid patient (Fallis and Langford), 123 (Current investigation)
- Toxemic pregnancy, ascites and (Imaz and Gonzalo), 1101 (Abst.)
 normal and, alkaline phosphatase in (Lee and Lewis), 1071
- Toxoplasmosis in obstetrics, possible relation to Mongolism (Macer), 66
- Training in reproductive biology with emphasis on early reproduction, 288 (Item)
- Triamterene, new diuretic drug (Baba, Tudhope, and Wilson), 549, 550 (Abst.)
- Transactions of American Gynecological Society, Eighty-sixth Annual meeting, continued, 701-779
 South Atlantic Association of Obstetricians and Gynecologists, Twenty-fifth Annual Meeting, 289-404
- Transaminase, serum glutamic oxalacetic, further aid in diagnosis of hydatidiform mole (Tobin), 123
- Transfusions, exchange, hyperbilirubinemia due to, in newborn (Ehrlich and Lukk), 1101 (Abst.)
 prevention of citrate intoxication during (Nealon, Ching, and Gibbon), 1101 (Abst.)
- Transvaginal paracervical denervation, relief of cervical dyspareunia by (Wright), 963
- Treatment, surgical, of endometriosis with conservation of reproductive potential (McCoy and Bradford), 394
- Trichomonad infestation, clinical and statistical study of, in Vietnamese women, with special reference to treatment by new imidazole derivative (Tran-Dinh-De and Nguyen-Van-Tu), 92
- Trichomonal vaginitis, metronidazole and (Forster, Ramirez, and Rapoport), 1015
- Trichomonas vaginalis vaginitis (Martin, Kaufman, and Burns), 1024
 infections, metronidazole chemotherapy for (Sikat, Heemstra, and Ranney), 556 (Abst.)
- Trichomycin, use, in treatment of vulvovaginal mycosis in pregnant women (Smith, Taubert, and Martin), 455
- Trypsins, oral, as prophylaxis of episiotomy pain, controlled study of (Bare and Fine), 268
- Tubes, Fallopian, in salpingitis, comparison of bacteriological flora of uterine cervix and (Lukasik), 1028
- Tumor, Brenner cell, with masculinization, histochemical observations of (Meiling et al.), 463
 Müllerian, malignant mixed, of endometrium (Lash and Mann), 169
 Registry, Ovarian, unclassified tumors of, 1942-1962 (Novak, Woodruff, and Linthicum), 999
- Tumors of breast (Cutler), 282 (B. rev.)
 brain, pregnancy associated with, management (Kempers and Miller), 854
 embryonic, nuclear sex (Taylor), 1100 (Abst.)
 intestinal, simulating leiomyomas of uterus (Bennett), 131 (Comm. in brief)
 ovarian, 463-470, 999-1014
 retroperitoneal, some surgical considerations (Pratt), 956
 unclassified, of Ovarian Tumor Registry, 1942-1962 (Novak, Woodruff, and Linthicum), 999
 of uterus, 163-171

- Twin pregnancy, hydatidiform mole in (Chamberlain), 140 (Comm. in brief)
 zygosity and placental form in relation to outcome of pregnancy (Potter), 566

U

- Urethral suspension, abdominoperineal, modified technique of (Zacharin and Gleadell), 948
- Urinary estrogen levels, abnormal, in hydatidiform moles determined by gas-liquid chromatography (Bonanno et al.), 210
 excretion of endogenous pregnanediol in pregnancy, effect of administered progesterone (Plotz, Wiener, and Davis), 1
 incontinence, dyssynergic (Hodgkinson, Ayers, and Druker), 717
 tract in pregnancy, 478-498
- Urine, bacteriological examination (Cattell and Lefford), 1098 (Abst.)
- Uterine artery and vein, posthysterectomy arteriovenous fistula involving (Field, Welch, and Johnson), 105
 corpus, endometrial aspiration smear in diagnosis of malignancy (Rascoe), 921
 venous blood, arterial and, of pregnant women, oxygen, carbon dioxide, and hydrogen-ion concentrations in (Stenger et al.), 1037
- Uterosacral or paracervical block for obstetrical anesthesia (McGowan), 286 (Abst.)
- Uterus, bicornuate, Shirodkar operations on unsuspected (Kawasaki), 142 (Comm. in brief)
 cancer of body, adenocarcinoma of cervix uteri in 37-year-old virgin with coexisting (Bielecki, Borowicz, and Misiewicz), 135 (Comm. in brief)
 malformed, pregnancy and (Zabriskie), 286 (Abst.)
 micromyomas of, with severe menorrhagia (Hiller), 163
 sacculization of (Fields and Pildes), 507
 tumors of, 163-171

V

- Vaccination in pregnancy, fetal complication of (Tucker and Sibson), 548 (Abst.)
- Vaccinia virus, prenatal infection with (Entwistle, Bray, and Laurence), 548 (Abst.)
- Vacuum extractor (Lancet), 1099 (Abst.)
 in fetal distress (Roszkowski, Borkowski, and Kretowicz), 253
- Vaginal cuff, management of, in hysterectomy (Johnson, Gardner, and Diddle), 951
 cytology, cellular metabolic activity—a new basis for screening (Peckham and Ladinsky), 418
 epithelium, rat, estrogen response mechanisms in, autoradiographic investigation (Peckham, Ladinsky, and Kickhofer), 710
 mucosa, intraepithelial carcinoma, dysplasia, and exfoliation of cancer cells in (Ferguson and MacLure), 326
 smear, serum gonadotropin, protein-bound iodine, and thyroxine-binding as measures of placental adequacy, evaluation (Nicoloff, Nicoloff, and Dowling), 700 (Abst.)
- Vaginalis, Trichomonas, vaginitis (Martin, Kaufman, and Burns), 1024
- Vaginitis, emphysematosa (Nelson and Burns), 137 (Comm. in brief)
 trichomonal, metronidazole and (Forster, Ramirez, and Rapoport), 1015
 Trichomonas vaginalis (Martin, Kaufman, and Burns), 1024
- Vascular mucopolysaccharides, role, in hemostatic action of estrogens (Rona), 434

Vein, artery and, posthysterectomy arteriovenous fistula involving uterine (Field, Welch, and Johnson), 105

Vesicoureteral reflux as cause of pyelonephritis of pregnancy (Hutch, Ayres, and Noll), 478

Virus infections, congenital anomalies and (Evans and Brown), 749

prenatal infection with vaccinia (Entwistle, Bray, and Laurence), 548 (Abst.)

Visualization procedures, direct, pelvic ovarian chamber for (Balin, Halpern, and Israel), 152

Vulva, cancer involving the (Collins et al.), 762
granular cell myoblastoma (Svesko), 143 (Comm. in brief)

Vulvovaginal mycosis, use of Trichomycin in treatment of, in pregnant women (Smith, Taubert, and Martin), 455

Z

Zygosity, twin, and placental form in relation to outcome of pregnancy (Potter), 566
